

Hello! My name is Jill Furgurson and I am the Director of College Programs at [Broadreach](#). Our programs offer hands-on, experiential learning designed to get you out of the classroom and immersed in the fields of public health and medicine. Choose from a variety of unique courses and prepare to work alongside specialists in the field, earning professional certifications and college credit along the way.

- [Our pre-health programs include:](#)

- [India Global Medicine](#)
[Dominican Republic WFR & Medical Spanish](#)
[Costa Rica Veterinary Medicine](#)
[Bali Veterinary Medicine](#)
[Scotland and Ireland Animal Nutrition](#)

- [Each Broadreach program offers you the chance to try something new and make friends with peers across the globe – whether you’re honing your first responder skills in the jungle or volunteering with the local women’s group.](#) We take just **10 - 12 students per program** and spaces are filling quickly for our 2017 sessions. I encourage you to apply soon to take advantage of this opportunity to gain new skills, earn academic credit and explore your interests on a global scale.

“This Broadreach trip is an empowering, adventurous and perspective-changing experience for any student with future medical aspirations. Students learn life saving techniques in the Wilderness First Responder course, as well as fascinating and relevant knowledge on the subject of global health. This is an inspiring and life changing trip with memories and a community of friends that will last a lifetime.”

— KATRINA DANK, BELLINGHAM, WA
